Subject: FW: Question on contacts for the public

Hi Lisa – It looks like questions on health or questions regarding the site go to the local Call Center line: 970-385-8700.

Hi Joyce,

Sorry just seeing this. Deb told me ATSDR is the POC for health questions. For the locals there is a Call Center line. It's 970-385-8700.

We have all the PIO's together within the IC. We do not have a separate location. I consider it a JIC but have not pulled in others as of yet. Haven't had time. Sorry for the non-answer☺

Please direct them to the Call Center. Libby

Subject: Question on contacts for the public

Hi Libby – Our Sitrep people asked me the following:

1. Who do people call with health questions? (I wondered if someone from San Juan Basin Health was the designated point of contact)

2. Is there a contact for general questions about the site? (I wondered if the JIC was now one-stop shopping for all questions? Is there a phone number?)

Thank you!
